WEEK ENDING JANUARY 26, 1901.

President McKinley transmitted to the Senate a report from the Secretary of War, including a report received from the Taft Philippine commission, embodying recommendations for the institution of civil government in the islands; the President urged legislation toward this end; the possibility of an extra session of Congress became immediately apparent in consequence. The House passed the naval appropriation bill and adopted the conference report on the army reorganization bill. The Senate passed the 'legislative appropriation bill and began work on the Indian bill; Senators Vest and Depew addressed the Senate on the ship subsidy bill; the Senate ratified the treaty with Spain for the purchase of cer-tain islands of the Sulu group not included in the American sovereignty by the treaty of Paris; both houses adopted resolutions of regret upon the announcement of the death of Queen Victoria, and the House adjourned out of respect for her memory; the Senate confirmed the nomination of James S. Harlan to be attorney general of Porto Rico; the House committee on coinage agreed by a party vote to report favorably the Hill bill to maintain the silver dollar at a parity with gold; the Senate finance committee agreed to a reduction of the war revenue tax of \$40,000,000, including a reduction of the tax on beer to \$1.50 a barrel. The naval board appointed to inspect the floating dry dock in Havana harbor reported that it was not worth the price asked—\$225,000.

The State Department issued a warrant for the surrender of C. F. W. Neely to the Cuban authorities. The Minnesota legisla-ture elected Knute Nelson and Moses E. Clapp as senators for the long and short terms, respectively. Thomas Kearns was elected senator by the Utah legislature. Fruitless balloting for senators occurred in Delaware, Montana, Oregon and Nebraska. The cadets at West Point pledged themselves to abstain from all forms of hazing in the future; the congressional inquiry proceeded at West Point and Washington. Bryan's weekly, was issued at Lincoln, Neb.

Foreign Affairs.

Queen Victoria died Tuesday evening at Osborne House, Cowes, Isle of Wight, after a few days' illness of paralysis; Albert Edward, Prince of Wales, was at once proclaimed King of Great Britain and Ireland and Emperor of India as Edward VII; the English nation was plunged into mourning; official announcement was made that the funeral of the late queen would take place February 2, at Windsor. Lord mayors of the Irish cities were elected. King Oscar of Norway and Sweden resumed the reins of government after his prolonged illness. The Bulgarian cabinet resigned. The formal reply of the Chinese envoys to the interna-tional demand was delivered at Pekin, the German minister disapproving its terms; Prince Ching renewed his request for the cessation of punitive expeditions. Baron Robert de Rothschild wounded Count de Lubersac in a duel on the former's estate in France. Among those who died during the week were Baron Wilhelm von Roths-child, at Frankfort, Germany, and the Duke of Broglie, at Paris.

In the District. The House passed the District appropriation bill without change from the form of its submission. The House devoted Monday to District business; the bill affecting the affairs of the gas company was recommitted with radical instructions unfavorable to the corporation; bills were passed to enlarge the power of the District courts in cases involving delinquent children; granting a federal advance to the District to meet a deficit in the revenues, amending the law relating to water main assessments, authorizing the receipt of money collateral in the police courts, amending the District game laws, closing an alley in square 169, authorizing the laying of an electrical conduit to connect the Hotel Dewey with the mains, providing an additional force at the workhouse, revoking the subdivision of Pencote Heights, and permitting an enlargement of the accommodations of Providence Hospital. Estimates for appropriations to meet District deficiencies were submitted to the House. The Commissioners submitted to Congress a substitute bill regulating the size, weight, speed and schedules of street cars and other public vehicles in the District. Charles J. Bell resigned from the board of school trustees and Gen. H. Vice President District. Charles J. Bell resigned from the board of school trustees and Gen. H. Vice Parkier.

PIE AND HADES.

CHANGE OF FOOD BRINGS HEALTH AND BRIL LIANT COMPLEXION. When the human body is furnished with food which satisfies its demands, the desire for unnatural food, such as an excess of sweets, ple, cake and all sorts of unwise preparations, disappears. A California woman's experience on food is valuable. She says: "I have for years been addicted to meat, particularly pork, pie, hot biscuits, griddle-cakes, etc. Have been in ill health for the past twelve years and under the treatment of a number of doe tors. Very serious kidney and bladder troubles set in; finally live, and stomach trouble appeared.
"My liver was so swollen it was impossible to lie

on my right side, and everything I ate soured and distressed me beyond the power of words to ex-press. I was irritable as a tarantula and weary all the time, brain so dull that it was almost impossible to pull myself together enough to dress "I finally tried a watering place, but that did no breakfast food. At that time I just barely tipped the scales at 100 pounds, and looked like a wreck and was one. I found that the Grape-Nuts food did

not distress my stomach, and I followed the directions a month, eating it regularly. "My appetite increased and Nature finally began to come around. I noticed I lost my taste for meat, also for ple and pastries. My stomach, liver and kidneys noticeably improving, until now, at this writing, I am thoroughly well, and can stand a smart blow on the small of my back or on the stomach, which would have nearly or quite killed me

year ago. "I sleep good, no more nightmares, and thorough ly enjoy my food, Grape-Nuts at breakfast, with lots of berries and other fruit. My brain is clear and bright; am not trritable, and do not know that I have either stomach or nerves. The world seem complexion looks like I had been through a course of beauty doctoring. New blood, you see, and plenty

and tipped the beam at 139½ pounds, nearly 40 pounds gain. I do not claim that Grape-Nuts cured my taste for 'be pork and the other indigestible foods, but I do know that Grape-Nuts filled every requirement of Nature to rebuild where I have been so long tearing down, and the body, being satisfied with the perfect nourishment, did not demand the foods I had eaten, which destroyed instead of buildfoods I had eaten, which destroyed instead of building up. Consequently the taste for them naturally dropped out, one by one, so gradually that I myself scarcely noted the difference. My case is well known and can be verified by hundreds of people.
